Message from the Principal

As we begin Term 3, our whole school Inquiry will focus on the Essential Question: How can we make positive choices and communicate effectively to support our health, wellbeing, and ability to thrive?

Throughout the term, students will explore what it means to live a healthy and balanced life while developing the knowledge, skills, and confidence to make positive choices for themselves and others. As part of their Learning Experience, Future Possible Self: Health & Wellbeing, students will design their own personal health and wellbeing plans before working collaboratively to create interactive stalls and demonstrations for our Healthy Lifestyles and Wellbeing Fair. This authentic learning experience will provide students with the opportunity to strengthen their communication skills, promote healthy lifestyles, and share practical strategies that support wellbeing across our school community.

Parent-Teacher Meetings will be held next week. These meetings provide a valuable opportunity to discuss your child's learning, celebrate their progress, and set goals for the remainder of the year. If you haven't already done so, please book a meeting time with your child's classroom teacher that best suits your family.

We look forward to another exciting term of learning and thank you for your continued support of our students and school community.

OSHC- Outside School Hours Care

Last week, our OHS students made delicious fresh lemonade using lemons picked from our community garden. This week, they enjoyed making fresh orange juice using generous orange donations from the school's Breakfast Club. These fun, hands-on activities encouraged teamwork, healthy eating, and making the most of fresh local produce.

Parent-Teacher Interviews

Parent-Teacher Interviews will be held during the week of Monday 27 July to Friday 31 July.

Please contact the school office to arrange a suitable interview time. We encourage all families to take this opportunity to discuss your child's progress and learning.
